

CENTER FOR FACIAL, ORAL & IMPLANT SURGERY

PRE-OPERATIVE INSTRUCTIONS FOR OFFICE SURGERY WITH INTRAVENOUS SEDATION OR GENERAL ANESTHESIA:

1. Absolutely **nothing to eat or drink** (including water) for **8 hours** before surgery unless instructed otherwise by doctor.
2. Take your routine medications unless instructed otherwise.
3. You must be accompanied **by a responsible adult escort** who can drive you home. The escort must be present in the office waiting room during your procedure
4. Wear a comfortable, loose fitting short sleeve shirt or blouse. Long pants will help you stay warm in our cold surgery rooms.
5. No alcoholic beverages for 24 hours prior to or after surgery.
6. Minors must be accompanied by a parent.
7. Do not wear contact lenses.
8. Please remove nail polish and/or acrylic nails/tips from index fingers.
9. Do not bring unaccompanied small children with you.
10. You will need an ice bag when you return home.
